THE MUNICIPAL DEMARCATION BOARD'S WARD DELIMITATION EDUCATION AND AWARENESS CAMPAIGN IN KWABHACA WAS A RESOUNDING SUCCESS.

By Nomzingisi Dzingwe

On the 11th of September 2024, the Municipal Demarcation Board (MDB) held a successful ward delimitation education and awareness campaign for the municipality of Umzimvubu, bringing together the ULM councillors, CDWs, Ward Clerks, Ward Committees, Traditional leaders, Police representatives, and members of the public. This crucial event aimed to educate stakeholders on the importance of ward delimitation in enhancing local governance and ensuring fair representation was held at KwaBhaca municipality hall.

The campaign focused on explaining the ward delimitation process, which involves redrawing the boundaries of electoral wards to balance population representation in local government elections. Representatives from the MDB highlighted how shifts in voter registration of that particular place can affect the structure of wards and the need for accurate boundary adjustments.

Municipal councillors emphasized the importance of this initiative in ensuring better service delivery, with balanced wards allowing equitable distribution of resources and fair political representation. Traditional leaders also voiced their support, stressing the need to consider the cultural and historical significance of certain areas when redrawing boundaries.

"The municipality will be responsible for providing a committee that will be responsible for the consultation process where draft wards will be configured by considering local inputs and addressing geographic barriers. The MDB will submit final ward boundaries to the IEC to prepare for the local government elections. No councillors will be allowed in this committee", said Ayanda Ntamo a delegate from municipal demarcation board.

Towards the end of this campaign the public was given a platform to ask questions and raise concerns.

In conclusion, the ward delimitation education campaign was a vital step towards promoting an informed electorate, enhancing transparency, and fostering cooperation among various stakeholders in the quest for better local governance.

OFFICIAL HAND OVER OF ZWELIHLANGENE PRIMARY SCHOOL.

By Khaya Tshongwe

On the 31st of July, 2024, the MEC of Education, Hon. FD Gade, officially handed over Zwelihlangene Primary School in Ward 25, KwaBhaca. This school was constructed under the ASIDI Project, an initiative aimed at addressing the infrastructure backlog in various provinces. Through ASIDI, 168 schools have been built in the Eastern Cape out of the 200 constructed nationwide.

Hon. Gade highlighted that ASIDI's strategic focus was to eliminate mud structures, which were particularly prevalent in the former Transkei area. Zwelihlangene Primary School benefited from this project, built by the DBSA at a cost of R35 million, and completed in March 2023. The school now boasts a Science Laboratory and a Media Centre to enhance the education of its young learners.

MEC Gade emphasized the national challenge of ensuring that children can read and write effectively. The Media Centre at Zwelihlangene is part of the effort to improve comprehension and conceptual understanding in education. The Department of Education aims to provide children with dignified learning environments, replacing mud structures with modern facilities. One of the key goals of the Basic Education sector is to eradicate pit toilets, given their associated dangers. The Eastern Cape Province is working to stabilize and consolidate its school system and calls on the public to preserve this significant investment. The Provincial Government, under the Premier's instruction, is implementing a strategy to showcase completed infrastructure projects, culminating in a major event where the Premier will outline provincial priorities.

The Acting Mayor of Umzimvubu Local Municipality, Cllr. Inga Nodali, urged the community to protect their new school from vandalism. He expressed hope that the school would be well-maintained for the benefit of future generations. The Mayor of Ntabankulu Local Municipality, Cllr. T Sobuthongo, also attended the event, highlighting the collaboration between municipalities for mutual benefit.

The Principal of Zwelihlangene Primary School, Ms. S Myeki, expressed her gratitude, recalling the difficult days of teaching under trees and in mud structures. The new infrastructure has brought immense joy and motivation to both students and teachers. The school now serves children from Grade R to Grade 7, with increased attendance and enthusiasm.

SGB Chairperson, Ms. T Njiva, reiterated the community's commitment to taking care of their school. She echoed the Principal's sentiments about the previous struggles and thanked the Provincial Government for their innovative solution.

The EC Department of Education also donated 100 pairs of shoes to the children of Zwelihlangene Primary School, further supporting their educational journey.
